New Patients: New patients are usually referred by their primary care physician or other specialist. If you have received diagnostic testing of any kind (x-ray, MRI, CT, laboratory) related to this visit, please bring the test results with you or have then forwarded to us prior to your visit.

If you are insured with a health maintenance organization (**HMO)**, your primary care physician will need to complete a prior authorization through your insurance **BEFORE** you are scheduled. Appointments: We attempt to contact patients 24-48 hours prior to their appointment. Our schedule is usually booked several weeks in advance, so we ask for at least 1 business day notice for cancellation. Failure to notify the office of cancellation at least one full business day prior to your scheduled appointment or not appearing for your scheduled appointment **may result in a No Show Charge.**

Test Results: Test results are given during a follow up visit only. You will be asked to schedule an appointment to discuss results of any tests ordered by the physician to avoid misunderstandings and improve the patient care outcome. Please do not contact the office for a copy, fax, or verbal disclosure prior to your follow up appointment. **NOTE:** You will be contacted should any result require action prior to your scheduled follow up appointments.

Forms*: Your primary care physician will complete any disability, FMLA, or functional capacity evaluation forms.*

Refills: Medications prescribed by our physician may be refilled if you have been seen within the last year. Refills will not be approved after office hours or on weekends. Please allow **24 business hours** for any refill request.
